Reception	Year 1	Year 3	Year 6
Georgie C	Phoebe L	Joshua D	Rania S
Aria C	William M	Ellie-Marie	Zac F
Zachary H	Ava M		Sophie B
James H	Lily P		
Tamuda J	Mia S		
Declan L			

Parking

Can I please ask that if you need to park close to school you do so considerately in order to keep our children safe.

World Book Day

The last two weeks have been very busy here at St Margaret's. Last week we saw the school community don costumes of their favourite book character. Children spent the morning visiting teachers in other classes taking part in different activities and year 6 visited Reception and became story tellers.

Dear Parents/Carers

School is receiving regular updates from Public Health following national guidance regarding the coronavirus and is ensuring any changes to circumstances, any new information etc are communicated with you. With numbers rising across the country and the possibility of the country entering phase 2 of the response plan, school is currently sourcing ways for children to access learning at home. If and when a decision is made to close schools, children's access to work will be explained.

School will continue to update you as and when anything changes.

Thank you for your continued support.

Mrs Shepherd

School Nurse

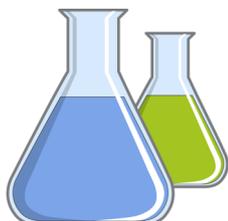

Drop-in dates for your diary:
17th March @ 3pm
31st March @ 3pm
Please ring Alex on 07817
075444 for confidential advice.

Sports

This week, school's hockey team and netball teams took part in local tournaments. I would like to congratulate our netball team who won the netball tournament and to thank everyone for representing the school, displaying great sportsmanship.

Science Week

We have been celebrating Science this week, igniting children's curiosity. University students visited school and gave children the opportunity to carry out some chemistry investigations based on viscosity.

"I thought that the science workshop was amazing because we saw what jobs you can do involving science and we tested equipment that doctors and nurses use everyday. Overall it was fun!" Sameer Year 6

"I really enjoyed the science week as we had multiple workshops where we discovered what happens when you mix base acids." Lucas Year 5

"It was very interesting and fun. I liked making the rainbow." Zac S Year 5

Food Bank

Please help us to support the Black Country Food Bank by bringing your donations into school by Monday 30th March 2020.
